The Two Finest Climbing Roses In Existence

Paul's Scarlet Climber

The Reddest Rose That Grows

Special Introductory Prices for early orders on our hardy field-grown, two-year plants, \$1.00 each; 3 for \$2.50. If desired by parcel post, add 25c each for postal and packing charges.

Where is there a garden without its Crimson Rambler? Since our grandmothers' time we have all had a warm place in our hearts for the Rambler Rose, but here is a Rose that singly outclasses them all—the Paul's Scarlet Climber—flowers nearly once again as large as the ordinary climbers, semi-double, and truly the most brilliant Rose in any class. The opposite picture will portray to you a little of the beauty of this new creation in color that the Rose family is often called the Everblooming Crimson Rambler.

This rose may be used for climbing purposes, as it is a very vigorous grower and develops a wonderful backbone for a porch, trellis, wall, etc., but it also makes an astonishingly beautiful pillar like a bush of scarlet. There is no other rose grower that will give the same effect and it is essential in every modern garden. Our plants are an extra strong grade, two years old, field-grown, and will make a brilliant showing in a short time.

Rose of Fairfield

Special Introductory Prices for early orders on our hardy field-grown, two-year plants, \$1.00 each; 3 for \$2.50.

It is a little darker in color than the ordinary Crimson Rambler, and the perfect shaped, double, brilliant blooms are borne in large clusters in the same manner. The everblooming feature of the Rose of Fairfield is one of its numerous charms; however, for as the plant puts on new growth of wood, a new cluster of flowers bursts forth, making it a delightful continuation of bloom from June until fall. As the season advances, the new shoots and gay blossoms increase in brilliancy and size. It is perfectly hardy and a vigorous climber, and will give perfect satisfaction to the planter. Our plants will bloom the first season.

Real 1924 Bargains of Ferris'

After a very careful study, together with my many years of experience with trees and plants here in the nursery, I am proud to offer this year a list of choice customers a selected list of the most ordinary sorts have been omitted, and only those best merit, that have given me satisfaction, as I believe a list of this kind will be a real education to my customers in their selection of trees and plants that I grow. However, should you desire other stock than herein described, I will be glad to forward to you, upon request, my 88-page catalog, which gives complete list of the trees and plants that I grow. TERMS. No order accepted for less than \$1.00. All cash with order on orders amounting to \$5.00 and under. Over that amount either all cash with order, or if customer prefers, one-fourth cash with order, balance C. O. D. Orders are booked as they come in. Shipments are not made until proper time to plant unless otherwise requested. 5 trees of one variety are sold at the 10 rate, 50 at the 100 rate, 500 at the 1000 rate. Less than 5 trees of one variety at the cash rate.

The Ferris

Guarantee

I guarantee to every Ferris customer that the stock that is true to name, and absolutely as represented. Any Ferris stock proven not to be will be replaced free of charge or the purchase price refunded. I cannot be held liable for any damages other than herein named. EARL FERRIS.

Our Finest Fruit Trees for Home and Orchard Planting

Apple Trees

The demand for Apple trees has increased heavily the past two years as the American planter has realized his absolute need for this most nutritious and palatable of all fruits. The demand way exceeded the supply last year, and from the present outlook it is going to be very necessary for the planter to cover his wants early, to be sure of getting the varieties he desires.

My trees have been grown on new soil, under conditions ideal for their growth of both root and top, and I am justly proud to make the statement that they are the finest Apple trees ever offered to Ferris customers.

Three years old, average size 4 to 6 feet, depending on variety, all hardy, Northern Iowa grown trees that are bound to give satisfaction, at these bargain prices. 60c each; \$5.50 per 10; \$50.00 per 100.

Summer Apples

Plant Them For the First Luscious Eating Apples of the Season, and for the Housewife's Early Summer

LIVELAND. Medium sized fruit, very fine, tender and juicy. Shaded with red.
YELLOW TRANSPARENT. Trees bear when very young, and early in the season. Color rich yellow with a faint blush. Flesh melting, juicy and sub-acid.

DUCHESS OF OLDENBURG. An old-time favorite. Round in form, with beautiful streaks of red and yellow. Quality excellent. Early.

EARLY HARVEST. Medium size; of fine flavor. Color yellow.
RED JUNE. Skin red; flesh white, tender, juicy. Bears abundantly.
RED ASTACHAN. One of the best of the early red Apples. Fruit large.

Fall and Early Winter Apples

Splendid for Cooking; fine for eating around the fireside. You will insure future enjoyment and economy by planting them in your orchard or back yard.

HIBERNAL. Extremely hardy, and an early and abundant bearer. Fruit large, handsomely striped, and excellent for cooking.

IOWA BEAUTY. Fruit nearly white, splashed and striped with red.

PATTEN'S GREENING. Good eating and cooking Apple; large and yellow.

WINESAP. One of the best little Apples; red. Fine for eating and one of the best for baking. Rich, rather sub-acid flavor. Keeps through the winter.

MAIDEN BLUSH. A large Apple of smooth skin and beautiful colorings. Fine quality.

WOLF RIVER. Very large in size, skin streaked with red. Flesh white and coarse.

WEALTHY. Very juicy and excellent flavor. Almost entirely red. One of the best and finest Apples grown. Very early and abundant bearer.

Late Winter Apples

Apple and mince pies for the holidays! Bright red Apples for the table until April! You can all have these luxuries if you grow your own.

WINTER BANANA. A large, handsome, large, yellow with pinkish red blush. Strikingly attractive. A dessert apple of finest quality. Good tree, early bearer, good cropper, profitable.

STAYMAN (Stayman's Winesap). Larger and juicier than the Winesap; deep rich red in color. Tree is very productive.

NORTHWESTERN GREENING. Large, greenish-yellow fruit; firm and fine grained; will keep until late spring.

TALMAN SWEET. The finest of all sweet Apples; large and productive.

BEN DAVIS. Best variety for market and cooking. Fruit large and round, nearly covered with bright red.

GANO (Black Ben Davis). Large, bright red Apple of good quality. Tree a prolific bearer. January to April.

GRIMES GOLDEN. One of the most popular Apples in cultivation. Fruit medium, yellow veined, russeted; flesh yellow and very fine grained; quality rich.

ROMAN STEW. Has rich, almost pear-like flavor. Fine for cooking and eating. Greenish-yellow color.

Hansen's Hybrid Cherry Plums

No. 1, average 4 to 5 ft., \$1.00 each; \$9.00 per 10; \$80.00 per 100

A remarkable new fruit, originated by Prof. Hansen of the South Dakota Experiment Station, and has proved to be one of the best, if not the best, of the Plums. Each year has so increased its popularity through its true worth and merits that orders come clamoring in for them from early till late in the season. Larger than an ordinary Plum, flavor as good or better than the Apricot; perfectly hardy and well adapted to our northern states; in fact, just the thing for your garden. You cannot afford to do without them.

HANSKA. The fruit of this variety has been much admired for its beautiful color, which is bright red with heavy blue bloom; firm yellow flesh, good quality, and rich fragrance; fruit one and one-half to one and nine-sixteenths inches in diameter. When cooked the strong Apricot flavor is brought out to perfection, entirely unlike any native Plum. The flat shape also distinguishes it from all the other hardy Plums grown in the Northwest.

OPATA. Fruit one and three-sixteenths inches in diameter. Dark purplish-red with blue bloom; flesh green, firm; flavor very pleasant, combining the sprightly acid of the Sand Cherry with the rich sweetness of the Gold Plum. Excellent for eating out of hand. The thin skin can be chewed and eaten, as it is entirely free from astringency. Pit very small; season extremely early. Very strong grower in nursery and orchard; early and heavy bearer.

SAPA. Glossy, dark purple skin with rich, purple-red flesh; fruit one and three-eighths inches in diameter. Season extremely early, and an abundant bearer.

WANETA. Prof. Hansen's masterpiece in Plums. Size will reach two inches in diameter; weight two ounces. All reports coming in from planters who have tried it describe the Waneta as bearing early and producing the largest fruit that has been raised in their locality.

Cherry Trees

Select, No. 1, average 4 to 4½ feet, \$1.00 each; \$9.00 per 10; \$75.00 per 100.

EARLY RICHMOND. The most popular Tree strong, thrifty grower. Fruit medium size, dark red and juicy; acid flavor; valuable for cooking purposes. Early and abundant bearer.

MONTMORENCY. Large, red, rich, acid Cherry; larger and finer than the Early Richmond, and a week or ten days later in ripening. Valuable on account of its hardiness, prolificness, and for canning and preserving.

Peaches

Select, 4 to 5 ft., 65c each; \$5.00 per 10. Choice of ALEXANDER, CRAWFORD, EARLY, CRAWFORD'S LATE, CROSBY and ELBERTA.

Grimes Golden.

IOWA BLUSH. Small, red blush, and an excellent tart flavor are its chief characteristics.

JONATHAN. An old-time favorite. Skin is bright red, quality of the flesh, flavor of the best.

SALOME. An excellent keeper. Red, medium size, fine quality.

BALDWIN. A large, dark red Apple; good flavor. Productive and profitable.

ARKANSAS BLACK. Fine for cooking. Almost black in color; flesh crisp; fine flavor.

FAMEUSE (Snow Apple). Its white flesh contrasts beautifully with its deep crimson color.

DELICIOUS. Truly delicious in every sense of the word—it has deservedly held the world record as a perfect Apple. Fruit large, rather elongated, easily distinguished by the five little knots on the blossom end. Beautiful rich crimson coloring on yellow background. With its extraordinary flavor it commands the highest prices and is the market favorite.

Crab Apples

For pickles and jellies they are unsurpassed. **HYSLOP.** Dark, rich red on yellow ground; flavor very good.

TRANSCENDENT. Rich yellow color, shaded with red. Flesh firm and crisp; very juicy.

WHITNEY. One of the very best Crab Apples. Yellow skin splashed with carmine. Fine flavor.

EARLY STRAWBERRY. Highly colored Crab that ripens about September 1st. Delicious quality.

Native Plums

Average 4 to 5 feet. 60c each; \$5.00 per 10; \$40.00 per 100.

DE SOTO. Fine for eating or canning. Tree hardy, a young and prolific bearer.

FOREST GARDEN. Rich and sweet fruit, nearly round with skin spotted red and yellow. A profuse bearer; perfectly hardy.

HAMMER. A large, light red fruit of fine quality. Late.

HAWKEYE. An annual bearer of superior quality. Fruit large, light red; carries well to market. Late.

WILD GOOSE. An early Plum of fine flavor. Color rich golden yellow, shaded with red.

WOLF. Fruit large; a perfect freestone. Quality fine; superb for cooking and for serving fresh with sugar.

WYANT. Large, conical Plum; dark red color; thick skin; flesh firm; freestone; excellent quality; medium.

Pears

One-year, 4 to 5 ft., 75c each; \$7.00 per 10. Choice of BARTLETT, CLAPP'S FAVORITE, DUCHESS, KIEFFER and SECKEL.

Stayman's Winesap.

Talman Sweet. Ben Davis.

Delicious.

Winter Banana.

The Two Finest Raspberries Ever Grown

Imogene and Latham

Imogene Red Raspberry

Prices: 12 for \$2.50; 25 for \$4.00; 100 for \$15.00. If desired by parcel post, add 10c for 12, 15c for 25, and 20c for 100, to cover the cost of packing and postage.

The Imogene Raspberry is quite similar to the Latham, probably coming from the same origin, but more highly bred up. I purchased my plants from a breeding farm in Minnesota, and finding the plants and fruit with even more perfect characteristics than the Latham, I have devoted a great deal of time and land to the raising of this wonderful new Raspberry for Ferris customers.

The canes are more vigorous than the Latham and grow denser; the fruit is larger, perhaps a little deeper in color and of a quality fully equal to the Latham. They are extremely hardy, this fact being especially noteworthy for the reason that it is a rarity for the Northern Minnesota and Wisconsin planter to grow these remarkable fruits with any success. Planters in these two sections are having exactly as good results with the Imogene as we are here in our more temperate climate, and give them little or no winter protection.

Horticulturists of note, who have experimented with the Imogene and Latham Red Raspberries, say that in growing them side by side they have found the difference between the two quite marked, and that the Imogene is more perfect in nearly every way.

When I purchased this Raspberry, it had no particular name, and as I was so deeply impressed with it, I have been looking far and wide for a suitable name. In the oval you will find a picture of my little girl, Imogene, the baby of my family, and we think she is about the finest little girl there is anywhere. So I am giving this Raspberry her name, thinking that it cannot help but do honor to both of them.

I have a select lot of good, strong plants, but they are limited in number as I have been growing them for such a short time. You will want at least two rows of these berries in your garden, and when you once get a start you will be very apt to take out all other plants you have there and devote all of your Raspberry bed to the Imogene Raspberry.

Latham Red Raspberry

Prices: 12 for \$1.75; 25 for \$3.25; 100 for \$12.00. If desired by parcel post, add 10c for 12; 15c for 25; and 20c for 100, to cover the cost of packing and postage.

The Latham Red Raspberry, or Minnesota No. 4 as it is sometimes called, was originated at the Minnesota State Breeding Farm, and is by far the finest red Raspberry introduced in the Middle West. First of all it is extraordinarily large in size, larger than any other red Raspberry, and when ripe is a beautiful bright red color. It also excels all other varieties in its extreme hardiness and productiveness.

It is not considered an everbearer, but the season of ripening is very long, extending over a month and sometimes a month and a half, and the crop is a very heavy one. One planter tells us that he has already produced \$1,800 worth of fruit per acre from his planting. It is an unusually vigorous, upright grower, and a strong plant producer. Canes are thornless, dark red; foliage heavy and dark green. The quality of the fruit is extremely good, being above that of the standard red Raspberries. Berries ripen evenly and hold well on the vine. The attractiveness of the berry, its firmness, quality and productivity make it especially desirable for home or commercial use.

Prof. C. V. Holsinger, Extension Professor of Horticulture of the Iowa State College, Ames, Iowa, says, "I only hope you will be able to grow plants enough to put this berry in the hands of as many people as possible." We are doing our best, but of course we are not going to be able to supply all of our customers this year, and can only urge strongly the placing of early orders for this wonderful new red Raspberry, as the supply all over the United States will nowhere near take care of the demand.

Strawberries

A Strawberry Shortcake for Every Family If You Buy Ferris' High Quality Plants At These Low Prices

Strawberries are a luxury if you must buy the fruit outright, but if you buy my pure-bred, high-quality plants at these low bargain prices, plant them in your back lot or garden, give them the little care that they require, you will soon find yourself enjoying a cheap but most delicious food.

Dunlap

Prices: 50 for \$7.50; 100 for \$14.00; 500 for \$45.00; 1000 for \$85.00. If desired by parcel post, add 10c per hundred to cover cost of postage, packing and trimming.

A favorite the world over. A long and early bearer, with extra large fruit, conical in form, with a rich red color. On account of its good keeping quality, it is one of the best shippers, and cannot be excelled for canning. The plant is very hardy, and will respond readily to careful culture. For the commercial garden it has no superior. Finest quality.

Ferris Improved Progressive Everbearing Strawberries

Prices: 50 for \$1.25; 100 for \$2.00; 500 or more at \$1.75 per 100. If desired by parcel post, add 10c per hundred to cover cost of postage, packing and trimming.

I wish I could take all of my readers through my beds of Progressive Everbearing Strawberry plants in the fall. Every plant a riot of white blossoms and red berries—fine large ones of an exceptionally sweet flavor, and you know how a dish of fresh Strawberries and cream, or a good, rich shortcake tastes in the fall after all other small fruit has gone. Combined with the long-bearing season which gives them the name of Everbearing, my Improved Progressive is much larger than the original type, while having all the good qualities of the best standard, including size, color and delicious flavor.

A Pint Box of Imogene Raspberries.

Black Raspberries

Prices: 12 for 65c; 25 for \$1.20; 100 for \$4.50; 1000 for \$35.00. If desired by parcel post, add 10c for 12; 15c for 25; or 20c for 100, to cover cost of packing and postage.

CUMBERLAND. Considered by some the finest of all black Raspberries. Fruit very large, fine flavor, and a great producer.

PLUM FARMER. An old time favorite and one of the finest of the Black Caps. Fruit medium large in size, jet black and of excellent quality. We cannot recommend the Plum Farmer too highly to our customers.

Red Raspberries

Prices: 12 for 65c; 25 for \$1.20; 100 for \$4.50; 1000 for \$35.00. If desired by parcel post, add 10c for 12; 15c for 25; or 20c for 100, to cover cost of packing and postage.

ST. REGIS. Commonly known as the Everbearing Raspberry, as the period of fruiting sometimes extends over four months. Berries are medium sized, bright crimson and of surpassing quality. Fine for canning.

KING. A red Raspberry of good size and fine quality. Good market berry.

Blackberries

Prices: 25 for \$1.50; 100 for \$5.00; 200 or more at \$4.50 per 100. If desired by parcel post, add 10c to the 25 rate, and 25c to the 100 rate, to cover the cost of packing and postage.

Excellent for cooking purposes, and what is a season without its fresh Blackberries and cream. Very easily grown.

EARLY HARVEST. An early Blackberry, medium size and of fine flavor.

SNYDER. The universal favorite. Hardy and very productive.

Grapes

One of the oldest fruits in existence, yet its popularity is increasing rapidly every year. It is the most healthful of all fruits, and on account of its ease in growing and the many uses to which it can be put, growers are unable to supply the demand. Then, too, the early drought last spring made the grape crop nearly a total failure throughout the United States and the planter must cover his Grape wants early this year or he is going to be disappointed.

BLACK GRAPES

Select, No. 1, very heavy-rooted, two-year plants, 20c each; 10 for \$1.50; 100 for \$13.50; 200 or more at \$12.50 per 100. If desired by parcel post, add 10c to the 10 rate and 25c to the 100 rate.

CONCORD. One of the most popular blacks; bunch large and compact; berry large, round, almost black. Juicy and very sweet.

WORDEN. Seedling of the Concord, which it greatly resembles in appearance, but the berries are larger and the flavor generally considered better. A little earlier than Concord.

RED AND WHITE GRAPES

Strong, select plants, 35c each; 10 for \$2.50; 100 for \$18.00. If desired by parcel post, add 10c to the 10 rate and 25c to the 100 rate.

AGAWAM. (Red). Bunch large; berry large and round, reddish-brown in color; tender, juicy, and of excellent flavor. The best red Grape.

NIAGARA. (White). The hardest white grape grown. Bunches large with good sized berries; pale yellow in color. Flavor sweet and pleasant.

Currants

Prices: 12 for \$2.00; 25 for \$3.50. If desired by parcel post, add 10c to the dozen rate and 15c to the 25 rate, to cover the cost of packing and postage.

Easily planted, cared for, and any insect growth may be easily checked by early use of kerosene.

FAY'S PROLIFIC. For size, beauty and productiveness, the most remarkable red Currant ever grown. Berry of remarkable flavor. Fine for jellies and wine.

WHITE. Very large, yellowish-white, sweet. The most productive of the white Currants.

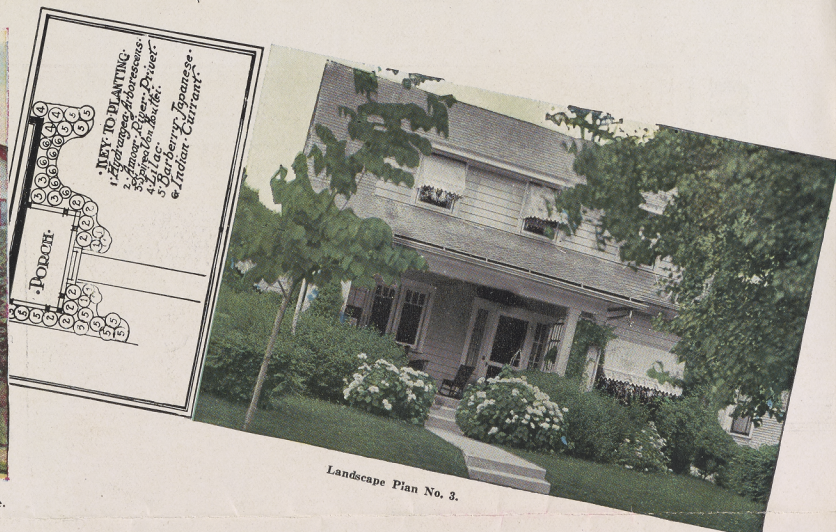

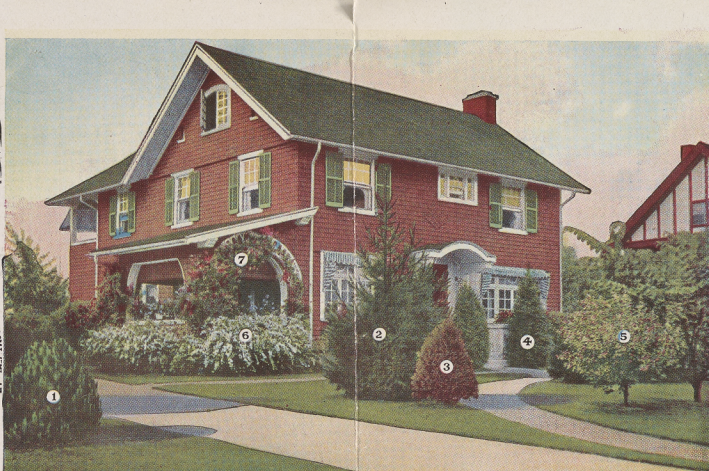

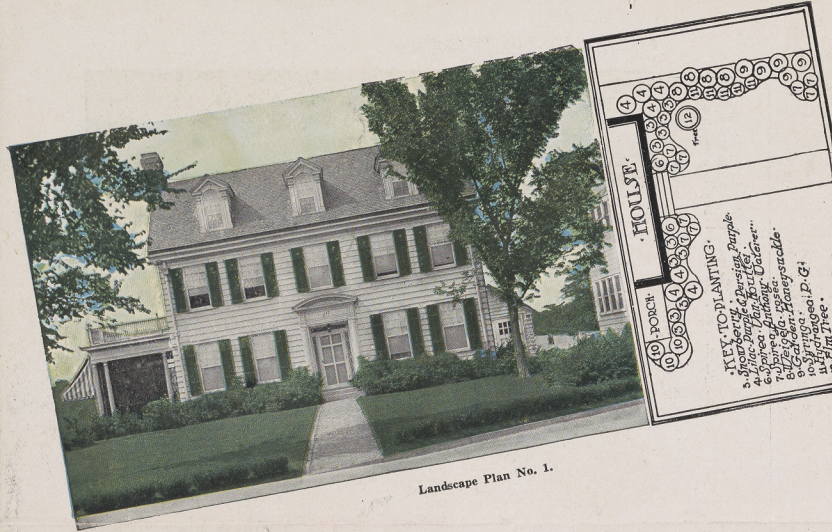

Gooseberries

Prices: 30c each; 12 for \$2.75; 25 for \$5.00. If desired by parcel post, add 5c to the each rate; 10c to the dozen rate and 15c to the 25 rate, to cover the cost of packing and postage.

DOWNING. Fruit very large; flesh whitish-green, soft, juicy and good; plant vigorous and prolific. One of the best.

Ferris Improved Progressive Everbearing Strawberries and Plants.

Landscaping—A Great National Project

American Homes Rapidly Being Beau-

Ferris Landscape Plan No. 1

- Consisting of
- 1 Snowberry.
 - 2 Lilac—Purple and Persian Purple.
 - 3 Spirea Van Houttei.
 - 4 Spirea Anthony Waterer.
 - 5 Weigela Rosea.
 - 6 Garden Honeysuckle.
 - 7 Syringa.
 - 8 Hydrangea P. G.
 - 9 Elm Tree.

For the residence of rather severe architectural lines there is nothing that will soften these lines and give it an artistic setting like this planting of ornamental shrubs and the Elm shade tree. For only \$17.50 we can furnish this entire collection of shrubs and tree in our one- to two-year grade or if you desire a finished showing the year planted use our select, three- to four-year stock, the entire list for \$33.75.

Evergreens

Norway Spruce

The Norway Spruce is probably the most popular, best known and most widely planted evergreen in existence. Its immense proportions, when it reaches maturity, its natural and graceful habits of growth, its beautiful dark green color, and its great value either as an ornamental evergreen or in the windbreak row are the chief assets of this remarkable evergreen.

It is naturally of a pyramidal, symmetrical growth, close and compact, branching to the ground; needles short and stiff. It stands close planting and severe pruning, and will retain its lower branches to the ground, even to old age. We cannot recommend the Norway Spruce too highly for Iowa, Minnesota, Illinois and all Eastern States.

Three-year-old seedlings, 10	Each	100	1000
18 to 24 in., twice transplanted and three times root-pruned	\$0.35	\$3.00	\$25.00
2 to 3 ft., three times transplanted and three times root-pruned	.75	7.00	40.00
3 to 4 ft., four times transplanted and four times root-pruned	.89	7.50	60.00
4 to 5 ft., five times transplanted and five times root-pruned	1.00	8.00	65.00

Colorado Blue Spruce - Shiners

Nature has produced a myriad of beautiful trees for Mother Earth, but last of all she must have made the Colorado Blue Spruce as a crowning glory of them all. Into this wonderful ornamental tree has been combined a silvery blue luster, perfection in form and symmetry, and hardy characteristics that make it adaptable to nearly all climates. Can be used very effectively as a specimen, in groups by itself, or in groups with other evergreens, where it can be planted in the foreground and show its truly wonderful coloring and form. Needles rather short and stiff.

18 to 24 in.	Each	10	100
2 to 3 ft.	.35	3.50	35.00
3 to 4 ft.	.40	4.00	40.00
4 to 5 ft.	.45	4.50	45.00

Western White Spruce

The Western White Spruce resembles the Norway Spruce very closely in appearance and form, having the short stiff needles, but foliage has a more silvery tinge than that of the Norway. On account of its general adaptability to western conditions, its compact and upright growth, its beautiful pyramidal form and its network of branches clear to the ground, it has proven its value as the best of all evergreens for Nebraska and all western planters.

2 to 3 ft., three times transplanted and three times root-pruned	\$0.75	\$7.00	\$55.00
------------------------------------------------------------------	-------	--------	--------	---------

Black Hill Spruce

Black Hill Spruce

The Black Hill Spruce is a form of the White Spruce, a native of the Black Hill country of South Dakota. It resembles its parent, the White Spruce, very much, but is a much slower grower and a little more compact. Under favorable conditions it rivals the Blue Spruce in color.

The Black Hill Spruce I have for next spring, without question, the best lot in the United States, grown with plenty of room, heavy symmetrical tops, and the best root system I ever saw on trees.

2 to 3 ft.	Each	10	100
3 to 4 ft.	.40	4.00	40.00
4 to 5 ft.	.45	4.50	45.00

Pyramidal Arbor-Vitae

This beautiful tree grows close and compact, and the foliage is of a bright green all the year round. One of the finest of the ornamental evergreens, having the fern-like foliage of the Arbor-Vitae, and developing naturally into a perfect pyramidal form. Requires no shearing or trimming.

ming.	Each	10	100
2 to 2½ ft., three times trans- planted and three times root- pruned	\$2.00	\$17.50	\$160.00

Golden Arbor-Vitae

A distinct, compact, hardy Cedar of brown and bushy growth, with long slender branchlets and golden yellow foliage. Used extensively with other evergreens in group plantings for the rich and harmonious contrast.

golden yellow foliage. Used extensively with other evergreens in group plantings for the rich and harmonious contrast.	Each	10
2 to 2½ ft., three times transplanted and three times root-pruned	\$3.00	\$25.00

Hardy Roses

What is a garden without its Roses—admired since the beginning of history for their beauty and fragrance. Our Roses are strong plants, grown out-of-doors, well rooted, and very desirable.

Hardy Climbing Varieties post, add 5c each to cover packing and postage.

CRIMSON RAMBLER. Brilliant crimson. **WHITE PERKINS.** Good white. **TAUSENDSCHOEN.** Pink and carmine shaded.

DOROTHY PERKINS. Shell-pink. **EXCELSA.** Crimson-scarlet.

Hybrid Perpetual and Tea Roses

Strong, field-grown plants, two-year-old, 70c each; 3 for \$1.75; 10 for \$5.00. If desired by parcel post, add 5c each to cover packing and postage.

ULRICH BRUNNER. Rich crimson-scarlet flowers. Very fragrant.

FRAU KARI DRISCHKE. A large white of perfect form.

LA FRANCE. Silvery rose shading to silvery pink. Exquisite.

GRUSS AN TEPLITZ. Brilliant crimson rose changing to fiery red.

ALEXANDER HILL GRAY. Beautiful deep lemon color.

CAROLINE TESTOUT. Rich satiny rose, shading to clear red.

OPHELIA. Delicate salmon-flesh color. Very popular.

ROSE SPECIALTIES

The following three Everblooming Roses of exceptional beauty and value, I am offering to Ferris customers in our field-grown, two-year-old grade at \$1.00 each. There is a great demand; my supply is limited—order at once and take advantage of this special offer.

MRS. AARON WARD. A rich golden orange gradually shading outward to a creamy yellow. Distinctive in its coloring; buds beautifully formed. Extremely popular.

THE BRIDE. An exquisite white rose, often faintly blushed. Recommended highly for its perfection of form and color.

PREMIER. A rich shade of rose-pink, shading to a deep rose toward the center. Similar to the American Beauty in general characteristics, and one of the finest for cut flowers.

Gladioli

These wonderful flowers are universally admired for their magnificent flowers. Very hardy, easy to grow. We especially recommend the following named varieties:

Assorted, 12 for \$5.00; 50 for \$20.00. Prices on named varieties: 6 for \$5.00; 25 for \$15.00; 50 for \$25.00. If desired by parcel post, add 10c for 12; 15c for 25; 20c for 50 bulbs.

LE MARECHAL FOCH. Extra large flowers of an exquisite delicate pink. The highest prize winner of all the pinks.

PRINCE HENRY. One of the finest yellows.

HELEN FRANKLIN. A wonderful, new, white gladiolus, immense flowers.

MARY FENNEL. Light lavender flowers, with yellow throat.

PRINCE OF WALES. Salmon streaked with yellow. One of the popular new varieties.

CRACKER JACK. Rich, velvety red; large.

Colorado Blue Spruce—The Most Beautiful of All Evergreens.

tified with Flowers, Shrubs and Trees

Our Popular Landscape Plan No. 3

- Consisting of
- 6 Hydrangea Arborescens.
 - 8 Amoor River Privet.
 - 3 Spirea Van Houttei.
 - 3 Lilac.
 - 13 Japanese Barberry.
 - 7 Indian Currant.

This planting is one of the most attractive ever put out, and can be arranged to fit almost any home. As a special offer to Ferris customers, you may have these shrubs in the one- to two-year, lighter grade for \$9.75, or in our heavy, select, three- to four-year size that will make an immediate showing for \$23.00. (There are nine other landscape plans in our 48-page, illustrated catalog. Write for it if interested in these other designs.)

Hardy Ornamental Shrubs

FORSYTHIA, Golden Bell.

The earliest to bloom of them all, and makes a striking contrast on the bare landscape with its golden-yellow, bell-shaped flowers.

No. 1, field-grown plants.	Each	10	100
18 to 24 in.	\$0.50	\$4.50	

HYDRANGEA P. G. A very hardy and magnificent shrub with immense panicles of globe-shaped white flowers. Much to be desired in every landscape planting.

No. 1, field-grown plants.	Each	10	100
18 to 24 in.	\$1.00	\$9.00	

HYDRANGEA ARBORESCENS. Its large, pure white panicles of bloom, that are rather flat in shape, open up in June and last until August. Excellent for mass planting.

No. 1, field-grown plants.	Each	10	100
18 to 24 in.	\$0.80	\$7.50	

SPIREA VAN HOUTTEI. Commonly known as the Bridal Veil. The finest and most beautiful of all Spiraea, with its long, drooping sprays so thickly laden with handsome white flowers.

One-year, field-grown plants	\$0.35	\$2.50	\$10.00
No. 1, two-year-old, field-grown plants	.50	3.50	15.00

SPirea BILLIARDI. Flowers of this beautiful shrub are a delicate pink, and are excellent in border and mass planting.

Strong plants, 3 to 4 ft., 4-yr. size	\$1.00	\$8.00
---------------------------------------	--------	--------

SYRINGA or Mock Orange. A general favorite. Its deliciously fragrant, pure white flowers that resemble orange blossoms are borne in profuse clusters; vigorous bush.

No. 1, field-grown plants	Each	10	100
18 to 24 in.	\$0.50	\$4.50	

SNOWBERRY, RACEMOSUS. A low growing bush of great artistic beauty, with its clustered milk-white berries that remain far into the winter.

No. 1, field-grown, 3 to 4 ft.....	\$0.50	\$3.50
------------------------------------	--------	--------

SNOWBERRY, Racemosus. A low growing bush of great artistic beauty, with its clustered milk-

INDIAN CURRANT, Vulgaris. The companion bush of the Snowberry, with its small red berries extending in thick clusters along the stems.

1-year, 12 to 18 in.	\$0.25	\$1.00	\$4.00
3-year, large60	5.00	

INDIAN CURRANT, *V. vulgare*. The companion

PINK TARTARIAN HONEYSUCKLE. A very popular bush honeysuckle, growing to a height of 10 to 12 feet. It is covered with beautiful pink flowers early in spring. Fine either as a specimen, or for background.

1-year, 12 to 18 in.	Each	10	50
2-year, large	\$0.25	\$1.00	\$4.00
	.60	5.00	

EXTRA LARGE, 3-year size\$0.75 \$5.00

Shade Trees

CAROLINA POPLAR.

One of the most rapid growers among shade trees, and the finest popular of them all. Will grow on any kind of soil, swampy or muck, light or heavy. Its roots penetrate the hardest soil, it withstands all hardships and thrives in places where others fail to live. Is easily started and gives shade in a short time after planting. Leaves large and stay green until quite late in the fall.

4 to 5 ft.	Each	10	100
5 to 6 ft.	\$0.25	\$2.00	\$10.00

CATALPA BUNGEI - Umbrella Catalpa. A very striking tree for formal planting. The low spreading head is about six feet from the ground, and is covered with beautiful large and dense, and deep green in color. One or two of these Catalpa Bungei, planted as specimens in front of the home give that formal touch that can be attained in no other way. They require no trimming and are very hardy.

6 to 8 ft.50	4.00	35.00	125.00
8 to 10 ft.75	5.00	40.00	175.00

Two-year heads, \$2.00 each.

Hardy Climbing Vines

AMPELOPSIS VEITCHII (Boston Ivy).

Dainty foliage. Will cling readily to either smooth or rough brick. 75c each; 10 for \$5.00.

AMPELOPSIS ENGELMANNII (Engelmann's Ivy).

A very rapid growing vine; foliage bright green and much larger than the most popular of vines to rough brick or stucco surface. 75c each; 10 for \$5.00.

ROSEY VITICLIMBER (Scarlet Trumpet).

Splendid climber, vigorous, hardy, with clusters of large, trumpet-shaped, scarlet flowers in August. 75c each; 10 for \$5.00.

Clematis

HENRY. Large flowering white. \$1.00 each; 10 for \$9.00.

JACKMANII. Intense violet-purple. \$1.00 each; 10 for \$9.00.

PANICULATA. Medium sized white flowers—a luxuriant bloomer and grower. 50c each; 10 for \$4.00.

Peonies

Noble flowers, and hardy as the oak, deserving of their wide-spread popularity. Their brilliancy of color, large showy blooms, and deep green foliage mark them as one of the best of all garden flowers. The three peonies pictured below are prime favorites, and especially recommended to planters.

75c each; 3 or more at 65c each; 10 for \$6.00. If desired by parcel post, add 5c each for packing and postage.

DUCHESSE D'ORLEANS. A deep showy pink with violet tints on center petals. Extremely attractive.

FESTIVA MAXIMA. Enormous, and an exquisitely formed peony; snow white in color, shading to delicate creamy white at base of petals. Undoubtedly the finest early white peony of them all.

LOUIS VAN HOUTTE. Bright red, semi-double, very showy. Late bloomer.

Phlox

Gay and saucy flowers of old-time gardens. There has been a great revival of interest in Hardy Phlox the past few years, and it is now about the most popular of them all for border planting. A row of Phlox will add gaiety to the duller spot; Mixed lots: 6 for \$1.25; 12 for \$2.25. Named varieties: 6 for \$1.80; 12 for \$3.00. If desired by parcel post, add 10c for 6, 15c for 12 Phlox, to cover cost of packing and postage.

ROSENBERG. Bright reddish-violet, with blood-red eye.

MRS. JENKINS. A good white; early, tall.

RHEINLANDER. A beautiful salmon-pink; immense flowers.

R. P. STRUTHERS. Rosy-carmine with claret-red eye.

AUSTRALIS. Large flower, bright red colorings.

ECLAIREUR. Brilliant rosy magenta.

Deciduous Hedges

There is nothing quite so effective for the bordering of a roadway or lawn as hedges. **PRIVET, AMOOR RIVER NORTH.** The hardiest Russian Privet, and the only variety we recommend for hedge planting in northern latitudes. Light green, shiny leaves—note its graceful growth in the picture with the Norway Maple above.

Select, No. 1, 2 to 3 ft., 50c each; 10 for \$3.50; 100 for \$25.00.

BARBERRY THUNBERGHII (Japanese). Guaranteed to be free from rust; will stand inspection in any state. A beautiful plant with drooping branches and foliage of a brilliant shade of green, turning to a rich crimson in autumn, when the branches are laden with scarlet berries. Very attractive and informal.

12 to 18 in. heavy, two-year, 50 for \$10.00; 100 for \$15.00; 2 ft. stock, 100 for \$15.00; 3 ft. stock, 100 for \$20.00; 4 ft. stock, 100 for \$25.00.

5 to 6 ft., transplanted\$1.00 \$9.00 \$75.00

6 to 8 ft., transplanted2.00 15.00 125.00

NORWAY MAPLE. One of America's finest trees, rich and majestic. Spreading, rounded form; foliage large and dark green. It is a rapid growing tree and thrives along city streets where others are often killed out by smoke, drought, etc.

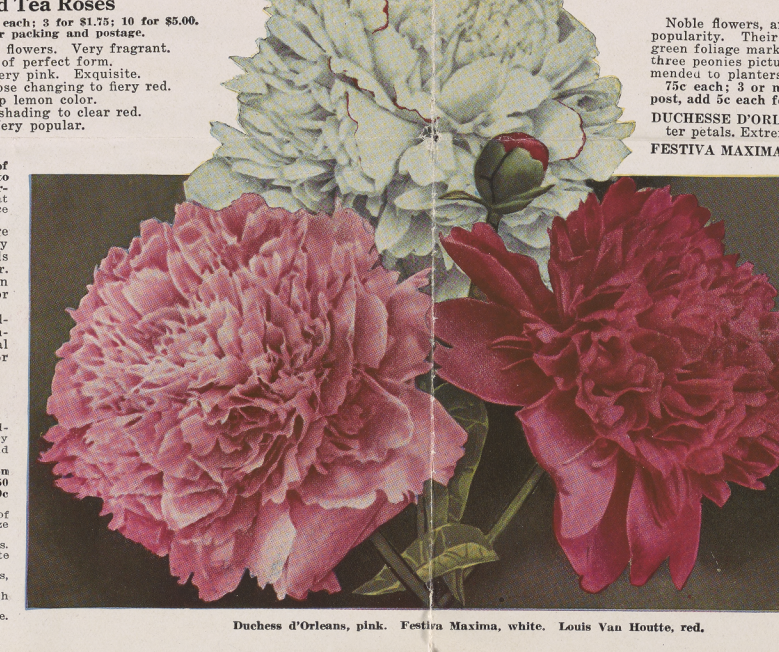

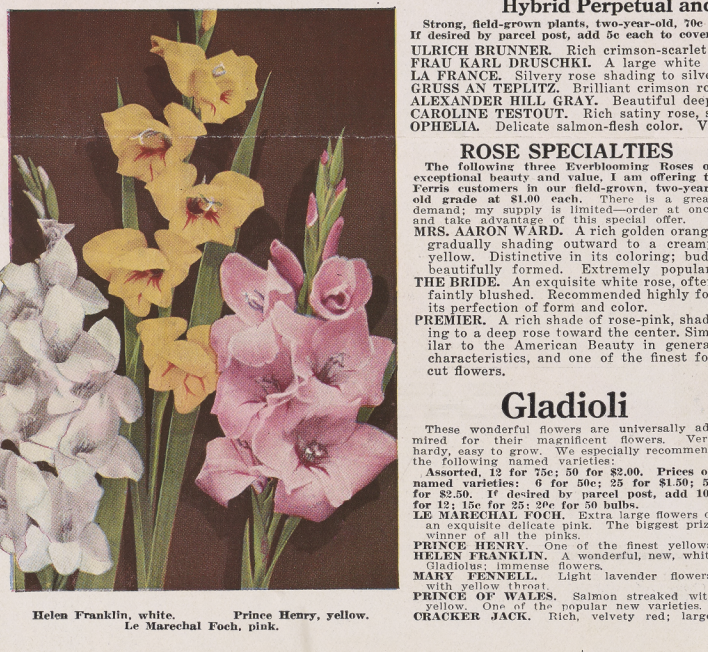

7 to 8 ft., transplanted\$3.00 \$25.00

ELM. The noble, spreading, drooping tree of our woods. A magnificent, stately tree, easily distinguished by its wide, weeping top and pendulous branchlets. One of the most noble and graceful of trees where a tall, spreading tree is desired.

6 to 7 ft., transplanted.....\$0.75 \$5.00 \$40.00

8 to 10 ft., transplanted1.00 8.00 60.00

10 to 12 ft., transplanted1.50 12.00 100.00

The Two Finest Climbing Roses In Existence

Paul's Scarlet Climber

The Reddest Rose That Grows

Special Introductory Prices for early orders on our hardy field-grown, two-year plants, \$1.00 each; 3 for \$2.50. If desired by parcel post, add 5c each for postal and packing charges.

Where is there a garden without its Crimson Ramblers? Since our grandmothers' times we have all had a warm place in our hearts for the Rambler Roses, but here is a Rose that simply outclasses them all—truly the most brilliant Rose in any class. The opposite picture will portray to you a little of the beauty of the Paul's Scarlet Climber—flowers nearly once again as large as the ordinary climbers, semi-double, and of a brilliant lustrous scarlet. These flowers keep in good condition on the plant for an unusually long time. And listen! Contrary to other varieties, they retain their vivid colorings until the petals fall.

This rose may be used for climbing purposes, as it is a very vigorous grower and develops a wonderful background for a porch, trellis, wall, etc., but it also makes an astonishingly beautiful pillar, like a flash of scarlet. There is no other rose grown that will give the same effect and it is essential in every modern garden. Our plants are an extra strong grade, two years old, field-grown, and will make a brilliant showing in a short time.

Rose of Fairfield

Special Introductory Prices for early orders on our hardy field-grown, two-year plants, \$1.00 each; 3 for \$2.50. If desired by parcel post, add 5c each for postal and packing charges.

This new creation in the Rose family is often called the Everblooming Crimson Rambler. It is a trifle darker in color than the ordinary Crimson Rambler, and the perfect shaped, double, brilliant blooms are borne in large clusters in the same manner. The everblooming feature of the Rose of Fairfield is one of its numerous charms; however, for as the plant puts on new growth of wood, a new cluster of flowers bursts forth, making it a delightful continuation of bloom from June until fall. As the growing season advances, the new shoots and gray blossoms increase in brilliancy and size.

It is perfectly hardy and a vigorous climber, and will give perfect satisfaction to the planter. Our plants will bloom the first season.

Real 1924 Bargains of Ferris' Choice Stock

After a very careful study, together with my many years of experience with trees and plants here in the nursery, I am proud to offer this year to Ferris customers a selected list of choice nursery stock. The more ordinary sorts have been omitted, and only those included that have outstanding merits, that have given best satisfaction, as I believe a list of this kind will be a real education to my customers in their selection of best varieties to use. For the average planter, the trees and plants given in this circular cannot be surpassed.

However, should you desire other stock than herein described, I will be glad to forward to you, upon request, my 48-page catalog, which gives complete list of the trees and plants that I grow.

TERMS. No order accepted for less than \$1.00. All cash with order on orders amounting to \$5.00 and under. Over that amount either all cash with order, or if customer prefers, one-fourth cash with order, balance C. O. D. Orders are booked as they come in. Shipments are not made until proper time to plant unless otherwise requested. 5 trees of one variety are sold at the 10 rate, 50 at the 100 rate, 500 at the 1000 rate. Less than 5 trees of one variety at the each rate.

Paul's
Scarlet
Climber.

The Ferris Guarantee

I guarantee that Ferris stock will reach the purchaser alive and in growing condition, and will replace free of charge any that does not, upon receiving your express or freight receipt with written statement from the agent, showing loss or damage. This does not apply to parcel post packages.

Any tree or plant that dies the first growing season, I will replace at a cost of one-half the regular catalog price, customer to make a written report and have his order for replace in our hands before October 10th, following date of purchase.

I guarantee to every Ferris customer, stock that is true to name, and absolutely as represented. Any Ferris stock proven not to be will be replaced free of charge or the purchase price refunded. I cannot be held liable for any damages other than herein named.

EARL FERRIS.
